

TURNING GREEN CARDS INTO GROWTH

Five Ways the Gang of 8 Immigration Bill Will Make America a Magnet for Global Talent and Fuel Economic Growth

- 1** Doubles the number of employment-based green cards to 280,000

- 2** Offers green cards to all those with a STEM PhD

- 3** Grants 10,000 new green cards to entrepreneurial job creators

- 4** Creates merit-based green cards for the most qualified candidates

- 5** Boosts H-1B high-skilled temporary worker visas from 65,000 to at least 110,000

* Likely about 10,000 would be used annually, based on the rate of foreign students earning STEM PhDs in the U.S.
